THE MINISTRY OF DENNIS
& BENEDICTA POLLOCK

March, 2015

Preaching Christ in NIGERIA!

In some ways Nigeria reminds one of the Old West. It is a restless, ambitious nation where you can easily find the good, the bad, and the ugly. In Nigeria there are some of the slickest con men in the world, but also in Nigeria are some of the finest ministers and largest churches in the world. It can be a violent, dangerous place, but you can also find wonderful, friendly people with beautiful smiles and warm personalities. Nigeria has been called "The Lion of Africa," and it contains the largest population of all the African nations.

Dennis & Benedicta have just returned from ministering in Aba, Nigeria, where they experienced a wonderful outpouring of the grace of God. There was a terrific response to the gospel messages preached outdoors in the evenings, and the Christians were very receptive to the morning conference teachings.

We preach Jesus Christ! We preach Him to the believers as our Bread of Life, Baptizer in the Holy Spirit, and Keeper of our souls. We preach Him to the sinners as the Savior of the world, our great High Priest who gave Himself for us.

African Missions Touch Lives!

Coming Home—Ministering in Aba was truly a homecoming for Benedicta. She grew up in a village about an hour away from this city, and had been to Aba many times as a girl. Ben was able to see old friends and family that she hadn't seen in years. Left of Dennis is Ben's sister and 2nd from the right is her older brother. Nearly everyone else in this picture is from her village and have known her from childhood.

"When in Rome..."—It is the practice of the Christian ladies in Aba to always wear a head covering in church. Benedicta had not realized that they still practiced this, and was forced to improvise the first morning—giving her a distinctly Egyptian look!

Every Life—Precious in the Sight of our Compassionate Savior!—Behind every face and every person who responded to the invitation to receive Jesus is a unique story. Only God knows the tears, trials, joys, sorrows, hopes, and dreams that make up each life. But we know that God cares deeply for them, and we know that these beautiful people are not forgotten. As they trust in Christ and abide in Him, all will be well with them, in this life and the next.

Your prayers and financial gifts make these missions possible. We need your regular support!
—A DVD video report of this mission is available upon request (Send \$3 for S/H)—
