MISSION: AFRICAN RELIEF, SPRING 2021

Mission African Relief has been completed! With God's grace and your generous donations we have been able to supply food, as well as Scriptures, to villages in Kenya and Nigeria. These food and Scriptures distributions are a celebration time for poor villagers in these communities. There is a church service with singing and preaching, and often the women break into joyful dancing. These beautiful African adults and children are touched by knowing that there are caring followers of Christ in America who have not forgotten them. Widows and orphans were given priority consideration. Praise God from whom all blessings flow!
